- 16 eco cottages
- A single Nature Resort

“wildernest.”

Glimpses of monsoonal diversity at “wildernest.”

*O*ur cottages blend  
in the gentle monsoon landscape.

*W*ide glasses window to monsoon  
world of magic...  
With comfort and  
solitude as soulmates.

Cascading waterfalls, sweet smelling fragrances,  
illusive mammals, a surreal sky - from  
June to September, a pact with nature.

No adjectives can describe the feeling one gets  
while viewing the rain cloud descend on  
your binge as you patronise CLOUD 9,  
a garden bar on clouds.

*F*lost above clouds n mist  
in crystal clear waters of infinity pool.

*L*et the rain drenched earth  
assail your senses as you stand mesmerised  
and let curtain of clouds unveil misty night.
